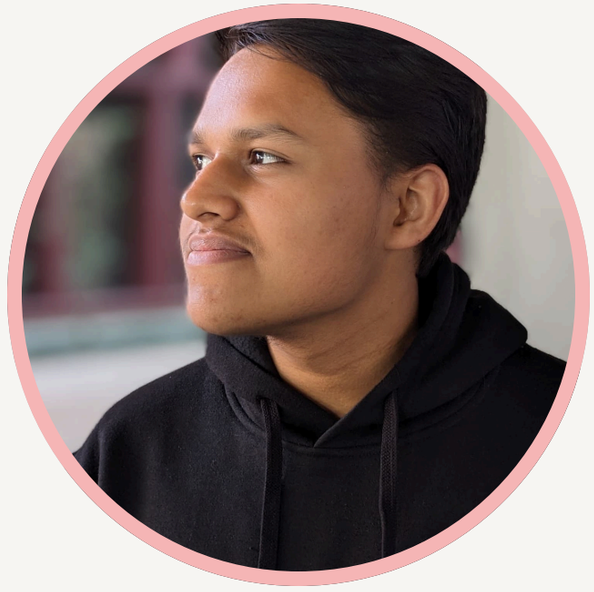
I am Keval Ambani



Know About Me

Analytical and detail-oriented sophomore engineering student with a passion for problem-solving and a keen interest in computing and marketing. Dedicated and commited to continuous learning and professional development.

Why Me

Education

- BE in Computer Engineering 2023-2027
- Jee Mains Qualified 2023
- Higher Secondary Education 2022
- Secondary Education 2020

Skills

- Coding languages : Python, C++
- Curriculum Development
- Data mining and lead generation
- Microsoft Excel, Microsoft Word, Microsoft Powerpoint

Experience

- Curriculum Developer at Lead School- As a Curriculum Developer Intern at LEAD School, I collaborated with a dynamic team, learning the importance of timelines and the dedication required to stay current in a fast-paced environment. I gained valuable experience in utilizing AI integration, backend applications, and websites to develop educational content. My role involved creating books for CBSE and ICSE students, where I employed AI-driven tools for content development, prompting, and image generation. This internship not only honed my technical skills but also allowed me to build a strong network of professionals in the education technology sector.
